RB

La nuova collezione RB lascia spazio alla bellezza del corpo lampada,  
inteso come scultura luminosa,  
che fonde funzionalità ed estetica,  
come polo accentratore dello sguardo,  
ma sempre discreto, delicato, raffinato e semplice.

Perché è nella semplicità che risiede l'eleganza,  
resa preziosa da materiali d'eccellenza come l'ottone,  
nella sua versione naturale o brunita.
